Product Code FRR

The original successful product, from which the system evolved, Frontrunner Entry has an aggressive diamond tread pattern that literally scrapes dirt off shoes - and an open grid structure that allows it to fall out of the way, Frontrunner Entry is uniquely effective in helping prevent dirt from entering buildings. With practicality in mind Frontrunner Entry is specially designed to present no problems to high heels or small wheeled traffic. Frontrunner Entry can be used in combination with other products from the Frontrunner Entrance Flooring System range for a complete interior and exterior entrance matting solution.

THE MAIN BENEFITS

- ◆ Scrape and clean
- ◆ Roll format for one piece large area coverage
- ◆ Indoor or outdoor use
- ◆ Certified slip resistance
- ◆ Heel & wheel proof system
- ◆ Available in low profile format - see page 8

Ancillary fixings to exactly meet your needs

To ensure Frontrunner Entrance Systems remain stylish and serviceable, we have a full range of fixings made to the same exacting standards. They are all purpose designed and are simple to install during actual entrance fit out. For full details visit www.frontrunnerplus.com/installation.htm

Recessed Mat Frames

This is our range for dividing up large installations and framing recessed installations to produce secure siting and level and smooth transitions.

Formable Trims

These frames finish the Frontrunner system for installations with a curved design.

Flexible PVC & Aluminium Edging Strip

For surface mounted applications to ease wheeled traffic. The aluminium edges come with fixing screws and plugs for permanent fixing.

Connector Clips

Used to join large area installations together; usually those that are surface mounted rather than recessed.

How to make sure you get the right ancillaries

When specifying your Frontrunner entrance flooring system simply provide the overall dimensions and indicate the direction of traffic. For non-rectangular installations, please provide a drawing.

We will detail requirements in a same day quotation.
